There are 3 kinds of sanctification:

1. Positional sanctification
2. Experiential sanctification
3. Ultimate sanctification

Positional sanctification is when the believer at the moment of salvation, he is entered into union with Christ; he shares in all that Christ has and is; he is a partaker of the divine nature.

Experiential sanctification involves the believer's growth by means of the filling of the Holy Spirit. This produces spiritual maturity.

Ultimate sanctification We will be set apart unto God for all eternity. We are assured of living in God's presence forever.
